Visit: [www.teamlinkt.com](http://www.teamlinkt.com) for more information

## Website

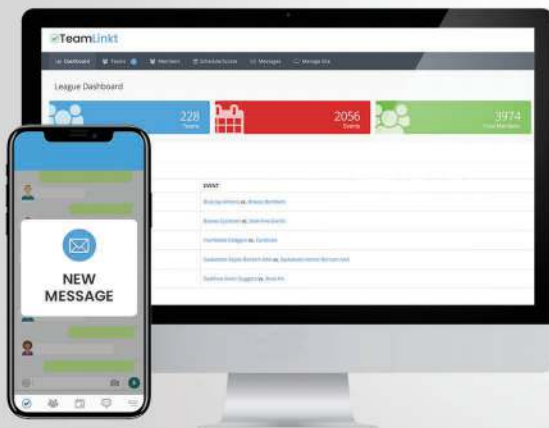

We'll auto-generate a modern, mobile-friendly website or you! You'll be able to add and edit pages with our simple to use CMS and have a great looking league website in minutes!

If you already have a league website, you can embed our Schedule, Score and Standings widgets into it.

## Registration

Make it easy for players and teams to join your league by activating our no fee online registration. It's simple to setup, and you're in complete control. You can customize program options, questions and fees – and start taking credit card payments in just minutes!

*\* TeamLinkt does not charge additional fees. Standard PayPal rates apply.*

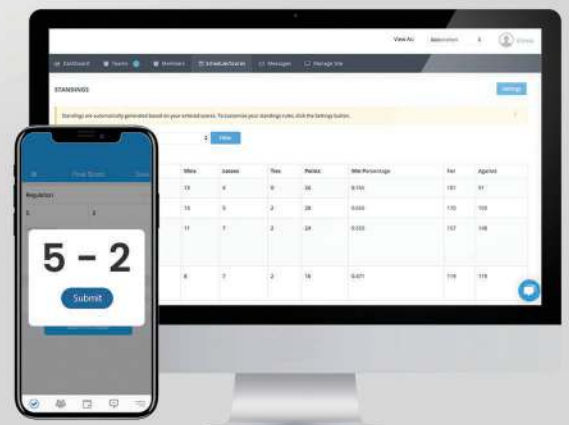

## Communication Tools

Save time and simplify your season! TeamLinkt League Management Tools enable you to manage your teams, rosters and schedules with ease. You can also send messages to all the teams in your league! You're in full control and we're here to help if you have any questions.

Setup is simple, but if you're busy... we're here to help!

## Submit Scores

Coaches and Managers are able to submit their scores right from the TeamLinkt app. After their game, you simply enter the score and send it to the league. Scores automatically populate your league standings, saving your league time and effort!

## How is it free?

Participating in sports is expensive, so we're shaking things up!

We've partnered with local and national businesses who want to give back to local teams leagues, associations and schools. Through their sponsorship, you get full access to TeamLinkt – and in exchange the business receives advertising in the app.
